OYEYIPO DAVID

SOFTWARE DEVELOPER

PROFILE

I am a highly motivated and skilled full stack and web developer with expertise in front-end and back-end technologies, including HTML, CSS, JavaScript, Bootstrap, Django, ReactJS, and Python. With solid experience in creating responsive websites and web applications, I also bring creativity to my work as a content creator, producing gaming content and skits using Capcut. Passionate about leveraging my technical skills to build innovative solutions while enhancing user experience, I am dedicated to continuous learning and professional development.

Dynamic full stack and web developer with expertise in HTML, CSS, JavaScript, and Bootstrap. Proficient in both front-end and back-end technologies, including Django, ReactJS, and Python, with a solid understanding of database management using SQLite. Skilled in creating responsive and visually appealing websites, and experienced in content creation, producing gaming content and skits. Seeking opportunities to utilize my
